

AMA MARINE PUBLIC COMPANY LIMITED

AND SUBSIDIARY

AUDITOR'S REPORT AND FINANCIAL STATEMENTS

FOR THE THREE-MONTH PERIODS ENDED MARCH 31, 2020

(UNAUDITED/REVIEWED ONLY)

AUDITOR'S REPORT ON REVIEW OF INTERIM FINANCIAL STATEMENTS

To The Shareholders of AMA MARINE PUBLIC COMPANY LIMITED

I have reviewed the consolidated and separate statements of financial position of AMA MARINE PUBLIC COMPANY LIMITED AND SUBSIDIARY and of AMA MARINE PUBLIC COMPANY LIMITED as at March 31, 2020, and the related consolidated and separate statements of comprehensive income, consolidated and separate statements of changes in shareholders' equity, and consolidated and separate statements of cash flows for the three-month periods then ended and the summary of significant accounting policies and other notes. The Company's management is responsible for the preparation and presentation of these interim financial statements, in all material respects, in accordance with Thai Financial Reporting Standards. My responsibility is to express a conclusion on these interim financial statements based on my reviews.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements No. 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion on these reviewed interim financial statements.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the consolidated and separate interim financial statements are not presented fairly, in all material respect, the consolidated and separate financial positions of AMA MARINE PUBLIC COMPANY LIMITED AND SUBSIDIARY and of AMA MARINE PUBLIC COMPANY LIMITED as at March 31, 2020 and the results of consolidated and separate operations, and consolidated and separate cash flows for the three-month periods then ended in accordance with Thai Financial Reporting Standards.

Other Matter

As at the date of my report , the Company was unable to hold annual general meeting of the Company's shareholder in order to appoint me as the auditor of the Company and subsidiaries for accounting period of 2020 due to the pandemic of Coronavirus Disease 2019 (COVID-19) having impact to hold meeting with massive number of people. The Board of Director of the Company, therefore, has exercised the notification of the Capital Market Supervisory Board (CMSB) No. TorChor. 28/2563 dated 27 March 2020 by having the resolution in Board of Director meeting No. 1/2563 to propose to the annual general meeting of the Company's shareholders to appoint me as the auditor off the Group for the accounting period of 2020. I, therefore, have conducted my review on the interim financial information for first quarter of 2020

D I A International Audit Co., Ltd.

(Mrs. Suvimol Chrityakierne)

AMA MARINE PUBLIC COMPANY LIMITED AND SUBSIDIARY

NOTES TO INTERIM FINANCIAL STATEMENTS

FOR THE THREE-MONTH PERIODS ENDED MARCH 31, 2020 (UNAUDITED/REVIEWED ONLY)

1. General information

- Registration : The Company was registered as a company limited under Thai Law on May 10, 1996 and converted to be a public company limited on May 18, 2016 with registration No. 0107559000231.
- Location : At 33/4, The Nine Tower A, 33 floor, TNA02, TNA03 room, RAMA IX Road, Huaykwang, Bangkok 10310.
- Type of business : The Company and subsidiary's business is to transport of goods, the Company engaged in business of marine transportation and subsidiary engaged in logistic business.

2. Preparation and presentation of financial statements basis

2.1 Financial statements preparation basis

These financial statements have been prepared in accordance with Thai Financial Reporting Standards (TFRS); guidelines promulgated by the Federation of Accounting Professions (FAP) and the regulation of The Stock Exchange of Thailand (SET) dated January 22, 2001 regarding the preparation and submission of financial statements and reports for the financial performance of the listed companies B.E. 2544. The format of presentation of the financial statements is not significantly different from the Notification of the Department of Business Development regarding the condensed form should be included in the financial statements (No. 3) B.E. 2562 dated December 26, 2019.

The financial statements have been prepared under the historical cost convention, except as transaction disclosed in related accounting policy.

2.2 Coronavirus disease 2019 Pandemic

In the current, the Coronavirus disease 19 (COVID-19) has spread in many countries around the world including Thailand, causing the slowdown in overall economic and affecting the Company's business since many countries have been placed on lockdown, as a result, the volume of ocean freight vessels increased. Therefore, resulting in the competition in the shipping costs that there is uncertainty in the environment of the Company's business caused by this situation. The management of the Company has carefully evaluated the aforementioned impacts on the financial statements and will assess the further situation.

2.3 Measurement of fair values

A number of the Company and subsidiary's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company and subsidiary have an established control framework with respect to the measurement of fair values. This includes a valuation team that has overall responsibility for overseeing all significant fair value measurements, including level 3 fair values, and reports directly to CFO.

The valuation team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of TFRS, including the level in the fair value hierarchy in which such valuation should be classified. Significant valuation issues are reported to the Company and subsidiaries Audit Committee.

When measuring the fair value of an asset or a liability, the Company and subsidiary use market observable data as fair as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows :

- Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 : inputs other than quoted prices included in Level 1 that are observable for the asset or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 : inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company and subsidiary recognized transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.4 Financial reporting standards that became effective in the current period

During the period, the Company and subsidiary have adopted the revised (revised 2019) and new financial reporting standards and interpretations which are effective for fiscal periods beginning on or after January 1, 2020. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Company's and its subsidiary's financial statements. However, the new standard involves changes to key principles, which are summarized below:

Financial reporting standards related to financial instruments

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Thai Financial Reporting Standards:

TFRS 7	Financial Instruments: Disclosures
TFRS 9	Financial Instruments

Thai Accounting Standard:

TAS 32	Financial Instruments: Presentation
--------	-------------------------------------

Thai Financial Reporting Interpretations Committee:

TFRIC 16	Hedges of a Net Investments in a Foreign Operation
TFRIC 19	Extinguishing Financial Liabilities with Equity Instruments

(Handwritten signature)

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortized cost taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model, calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments. The adoption of these standards will have the impact on the financial statements from the transactions following :

- Recognition of credit losses - The Company and subsidiary have to recognize expected credit losses on financial assets, it is no longer necessary for a credit - impaired event to have occurred. A simplified approach is required for measuring the expected loss allowance in the lifetime for trade receivables. The aforementioned recognition of credit losses will have no significant impacts on retained earnings adjustment as at January 1, 2020. This set of standards have no significant impact on the Company and subsidiary financial statements.

- Recognition of derivatives - The Company and subsidiary is to recognise changes in the fair value in profit or loss.

The Company and subsidiary adopted these financial reporting standards which the cumulative effect of initially applying is recognized as an adjustment to the retained earnings as at 1 January 2020, and the comparative information was not restated.

The cumulative effect of the change is described in Note 5 to the interim consolidated financial statements.

Thai Financial Reporting Standards No. 16 : Leases

TFRS 16 Leases set out the principals of the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value. Accounting by lessors is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles to those used under TAS 17.

TFRS 16 supersedes the following accounting standards together with related interpretations.

Thai Accounting Standard

TAS 17 (Revised 2018) Leases

Thai Standing Interpretations Committee

TSIC 15 (Revised 2018) Operating Leases - Incentives

TSIC 27 (Revised 2018) Evaluating the Substance of Transactions Involving the Legal Form of a Lease

Thai Financial Reporting Interpretations Committee

TFRIC 4 (Revised 2018) Determining Whether an Arrangement Contains a Lease

The Company and subsidiary adopted these financial reporting standards which the cumulative effect of initially applying is recognized as an adjustment to the retained earnings as at 1 January 2020, and the comparative information was not restated.

The cumulative effect of the change is described in Note 5 to the interim consolidated financial statements.

Accounting Treatment Guidance on “Temporary relief measures on accounting alternatives in response to the impact of the COVID-19 situation”

The Federation of Accounting Professions announced Accounting Treatment Guidance on “Temporary relief measures on accounting alternatives in response to the impact of the COVID-19 situation”. Its objectives are to alleviate some of the impact of applying certain financial reporting standards, and to provide clarification about accounting treatments during the period of uncertainty relating to this situation.

On April 22, 2020, the Accounting Treatment Guidance was announced in the Royal Gazette and it is effective for the financial statements prepared for reporting periods ending between January 1, 2020 and December 31, 2020.

The Company and subsidiary have elected to apply the following temporary relief measures on accounting alternatives:

- Not to take into account forward-looking information when determining expected credit losses, in cases where the Company and its subsidiary uses a simplified approach to determine expected credit losses.

- Not to consider the COVID-19 situation as an indication that an asset may be impaired in accordance with TAS 36, Impairment of Assets.

3. Consolidated financial statements preparation basis

3.1 These financial statements have been consolidated by including the financial statements of subsidiary in which AMA Marine Public Company Limited has a power to control such company. Balances and transactions between the Company and subsidiary have been eliminated from the consolidated financial statements. The financial statements of subsidiary were taken into consolidation since the controllable date.

3.2 Investment between AMA Marine Company Limited and subsidiary have been eliminated under equity method as if the Company owns 100 per cent shareholding in that subsidiary, and the interest of other shareholders is shown as "Non-controlling interests".

3.3 These consolidated financial statements have been presented the consolidated financial position and results of operations of AMA Marine Public Company Limited and subsidiary. The usefulness of transaction of consolidated financial statements for other purposes may be limited due to the difference of those consolidated companies.

3.4 The consolidated financial statements have been prepared by including the financial statements of AMA Marine Public Company Limited and subsidiary which has shareholding in subsidiary as follows :

	Percentage of holding		Type of business	Relationship
	March 31, 2020	December 31, 2019		
AMA Logistic Co., Ltd.	99.99	99.99	Logistic	Subsidiary

(Handwritten signature)

Business combinations

The Company applies the acquisition method for all business combinations when control is transferred to the Company and subsidiary other than those with entities under common control.

Goodwill is measured as the fair value of the consideration transferred including the recognized amount of any non-controlling interest in the acquire, less the net recognized amount (generally fair value) of the identifiable assets acquired and liabilities assumed, all measured as of the acquisition date.

Consideration transferred includes the fair values of the assets transferred, liabilities incurred by the Company and subsidiary to the previous owners of the acquire, and equity interests issued by the Group/Company. Consideration transferred also includes the fair value of any contingent consideration.

Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases.

Loss of control

When the company loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related non-controlling interests and other components of equity. Any resulting gain or loss is recognized in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

4. Summary of significant accounting policy

4.1 Revenues and expenses recognition

4.1.1 Revenues from services, the Company satisfies a performance obligation comprise :

- Freight charges income is recognized on over time of service rendering based on the stage of completion which is determined as the proportion of the shipment time to the total time required of that particular navigation.
- Revenues from transportation services in a short period are recognized when the services are rendered.

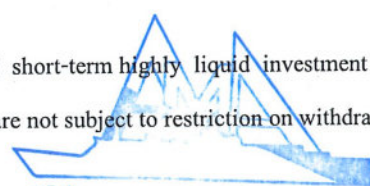

The amounts in which the entity received or entitled from customers but has the performance obligations under contract is presented under the caption of "Contract liabilities" in the statements of financial position which will be recognized as revenues when the obligation under the contract is performed.

4.1.2 Interest income is recognized on an accrual basis by reference to the effective interest rate.

4.1.3 Other income and expenses are recognized on the right to be received and the obligation to be paid.

4.2 Cash and cash equivalents

Cash and cash equivalents included cash on hand, deposit at banks and short-term highly liquid investment with an original maturity is less than three months from the acquisition date and are not subject to restriction on withdrawal.

บริษัท อมา มาร์ีน เซอร์วิส จำกัด (มหาชน)
AMA MARINE SERVICES PUBLIC COMPANY LIMITED

4.3 Trade and other current receivables

Trade and other current receivables are stated at the at the net realizable value less allowance for doubtful accounts.

The Company and subsidiary provide the allowance for doubtful accounts by using a simplified approach to determine expected credit losses.

4.4 Inventories

Inventories comprise fuel and lubricant, materials and supplies of vessels are the stated at the lower of cost on a first-in first-out (FIFO) basis or net realizable value.

4.5 Investment in subsidiary

Investment in subsidiary in the separate financial statements are stated at cost less provision for impairment (if any).

4.6 Investment properties

Investment properties are properties held to earn rental or for capital appreciation or both, is measured at cost less accumulated depreciation and provision for impairment (if any).

Cost is included initial estimate of the costs of dismantling, removing the item and restoring the site on which it is located, the obligation for which the Company incurs. The residual value and the useful life of an asset are required to review at least at the financial year-end. Depreciation is calculated on a straight-line method over the estimated useful lives of the assets for 20 - 40 years. Depreciation of investment properties is included in statements of comprehensive income.

4.7 Property, plant and equipment

Property, plant and equipment are stated at cost which comprises the initial cost of acquisition, costs of dismantling, removing the item and restoring of the assets less accumulated depreciation and provision for impairment (if any).

Parts of an item of property, plant and equipment have different useful lives, they are accounted for each parts of significant separate items.

Depreciation is calculated by the straight-line method over their estimated useful lives of assets. Depreciation for buildings and factories, vessels and vehicles is calculated net of residual value. The estimated useful lives are as follows :-

Building and plant	27 years
Vessels	10-23 years
Dry-dock and special survey expenses	2-3 years
Truck and components	8-10 years
Machinery	12 years
Prefabricated office	10 years
Leased office improvement	10 years
Vessels equipment	5 years
Office tools and equipment	5 years
Vehicles	5 years

(Handwritten signature)

Where the carrying amount of an asset is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount. Estimated recoverable amount is the higher of the anticipated discounted cash flows from the continuing use of the asset and the amount obtainable from the sale of the asset less any costs of disposal.

Major repair and maintenance costs are an expenditure incurred during inspections and major repairs of the vessels. Major repair and maintenance costs are recognized in the carrying amount of other assets and are amortized over the period until the next scheduled dry-docking, up to a maximum of 2-3 years. When significant specific dry-docking costs are incurred prior to the expiry of the amortization periods, the remaining costs of the previous dry-docking are written off immediately.

Depreciation methods, useful lives, and residual values are reviewed at each financial year-end and adjusted, if appropriate.

Any gain or loss arising on disposal of property, plant and equipment are difference of net consideration from disposal and the carrying amount of the property, plant and equipment are recognized in other income or administrative expenses in statements of comprehensive income.

4.8 Other intangible assets

Intangible assets which have finite useful lives are stated at cost less accumulated amortization and provision for impairment (if any) which will be amortized on a straight-line basis as following :

Computer software	5-10 years
-------------------	------------

Intangible assets which have indefinite useful lives are stated at cost less provision for impairment (if any).

4.9 Impairment of assets

Assets are considered as being impaired whenever events or changes indicated that the carrying amount of such assets exceeds their net recoverable value (net selling price of the assets under current operation or its utilization value whichever is higher). This impairment loss is estimated for each item or each generating cash flows unit of assets, whenever is practical. In the event that the carrying amount of an asset exceeds its net recoverable value, the Company will recognize an impairment loss in the statements of comprehensive income. The Company will reverse the impairment loss whenever there is an indication the underlying asset are no longer impaired or the impairment is declining.

4.10 Translation of foreign currency financial statements

The main change of this accounting standard is to provide guidance of reporting currency in form of the currency of the primary economic environment in which the entity operates. Therefore, the entity is required to determine its functional currency and translate currency used for foreign operations and report the effects of such translation.

The Group operates in a USD environment, with purchases and sales predominantly quoted and settled in USD. Accordingly, the management determines that USD is the functional currency of Group's vessel operating entities whilst Thai Baht is the presentation currency of the Group.

This accounting standard requires all transactions to be initially recorded in the functional currency, USD. All transactions that are not denominated in USD are foreign currency transactions and :

1. Exchange differences arising on translation generally are recognized in profit or loss.

2. Exchange differences arising from translation of functional currency to presentation currency are recognized in other comprehensive income, other components of shareholders' equity. In general, when the Thai Baht presentation currency appreciates against the USD functional currency, the carrying amount of assets, liabilities and the exchange differences on translation of financial statements in equity is likely to reduce. Conversely, when the Thai Baht depreciates against the USD, the carrying amount of assets, liabilities and the exchange differences on translation of financial statements in equity is likely to increase.

Foreign currency transactions are translated into functional currency at the exchange rates ruling on the transaction dates. Monetary assets and liabilities denominated in foreign currency remaining at the statement of financial position date are translated into functional currency at the exchange rate ruling on the statement of financial position date. Gains and losses arising from the settlement of foreign currency transactions and from the translation of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of income in the period in which they are incurred.

However, to comply with the financial reporting requirements of the Stock Exchange of Thailand and the Department of Business Development, the Group presents the consolidated financial statements by translating from US Dollar to Thai Baht. The assets and liabilities are translated into Thai Baht using the average buying and selling rates determined by a commercial bank at period-end, whereas the statement of income is translated using average exchange rates during the period. Differences from such translations have been presented in other comprehensive income.

4.11 Leases

Group as a lessee

Right-of-use assets

Right-of-use assets are recognized at the commencement date of the lease. Right-of-use assets are stated at cost, less any accumulated depreciation and provision for impairment (if any), and adjusted for any remeasurement of lease liabilities (if any). The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received.

Depreciation of right-of-use assets are calculated by reference to their costs on a straight-line basis over the shorter of the lease term and the estimated useful lives for each of right-of-use assets, as follows:

	Number of years
Office buildings	5

Lease liabilities

At the commencement date of the lease, the Company and subsidiary recognize lease liabilities measured at the present value of the lease payments to be made over the lease term, discounted by the interest rate implicit in the lease or the Company incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or reassessment.

4.12 Financial instruments

4.12.1 Classification and measurement

Financial assets consist of contractual right or claims are measured at fair value by amortized cost method.

Financial liabilities are classified and measured by amortized cost method. Financial liabilities in form of derivatives used in cash flows hedge are recognized the changes in fair value through profit or loss.

4.12.2 Impairment of financial assets

The Company and subsidiary recognized an allowance for expected credit losses on its financial assets which measured at amortized cost, without requiring a credit - impaired event to have occurred prior to the recognition which applies a simplified approach to determine the lifetime expected credit losses.

4.13 Income tax expenses and deferred tax

Income tax expenses for the accounting period comprises current tax and deferred tax.

4.13.1 Current tax

Current tax (if any) is calculated from the annual profit to be paid, using tax rates enacted, and any related taxable adjustment are recognized as expenses in statements of income. In addition, the Company complied with the notification of the Director-General of Revenue Department on Income tax (No.72) prescribing rules, procedures and conditions for the purpose of exemption from income tax of juristic companies or partnership in respect of revenues arising from the international carriage of goods by sea.

Subsidiary recorded income tax in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

4.13.2 Deferred tax

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they adjust, using tax rates enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and carry forward of unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that tax asset it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred to be utilized.

Deferred tax is recognized directly to shareholders' equity, except to the extent that it relates to items recognized in other comprehensive income or directly in equity.

4.14 Basic earnings per share

Earnings per share as presented in the statements of comprehensive income is the basic earnings per share which is determined by dividing the net profit for the period by the weighted average number of common shares issued and paid-up during the year.

4.15 Provisions

The Company and subsidiary recognize a provision when an entity has a present legal or constructive obligation as a result of a past event. It is probable that an outflow of economic benefits resources will be required to settle the obligation and reliable estimate can be made of the amount of the obligation. If some or all the expenditure is required to settle a provision, is expected to be reimbursed when it is virtually certain that reimbursement will be received if the Company settles the obligation. The amount recognized should not exceed the amount of the provisions.

4.16 Employee benefits

4.16.1 Provident fund

The Company and subsidiary have established provident fund under the defined contribution plan. The fund's assets are separated entities which are administered by the outsider fund manager. The Company and employees made contribution into such provident fund. The Company's contribution payments to the provident fund were recorded as expenses in statements of comprehensive income in the period in which they are incurred.

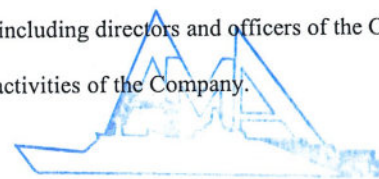

4.16.2 Employee benefits

The Company and subsidiary provide for post-employment benefits, payable to employees under the Thai Labor Law. The present value of employee benefit liabilities recognized in the statements of financial position is estimated on an actuarial basis using Projected Unit Credit Method of which calculated by the Independent Actuary by using Actuarial Technique. The calculation was made from determining the present value of future cash flows expected to be required to settle and determines discount rate by reference to market yield of government bonds should have terms to maturity approximately equal to the terms of such obligations. In determine the future cash flows expected to be required to settle is used from employees' salaries, turnover, length of services and other factors. Changes in actuarial gains or losses are recognized in the period in which they are incurred in other comprehensive income. Expenses related to employee benefits shall be recorded in profit or loss for sharing such costs throughout the period of services rendering.

4.17 Transactions with related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company.

Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company which having authority and responsibility for planning and controlling the activities of the Company.

บริษัท อามา มีนีน จำกัด (มหาชน)
AMA MARINE PUBLIC COMPANY LIMITED

4.18 Significant accounting judgements and estimates

The preparation of financial statements in conformity with Thai Financial Reporting Standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures and actual results could differ from these estimates. Significant judgements and estimates are as follows:

Determining the lease term of contracts with renewal and termination options

The Company and subsidiary determine the lease term as the non-cancellable term of the lease, together with any period covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The management is required to use judgment in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease, considering all relevant factors that create an economic incentive to exercise either the renewal or termination. After the commencement date, the Company and subsidiary reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects to reasonably certain to be exercised.

Allowance for doubtful accounts

In determining an allowance for doubtful accounts, the management needs to make judgement and estimates the expected loss incurred from receivables by using a simplified approach to determine the lifetime expected allowance for doubtful accounts.

Property, plant and equipment

In determining depreciation of plant and equipment, the management is required to make estimates of the useful lives and residual values of the Company's plant and equipment and intangible assets and to review estimate useful lives and residual values when there are any changes. In addition, the management is required to review plant and equipment for impairment on a periodical basis and record impairment losses when it is determined that their recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

Deferred tax assets

Deferred tax assets are recognized for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the temporary differences and losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized.

Post-employment benefits under defined benefit plans

The obligation under the defined benefit plan is determined based on actuarial techniques. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

5. Cumulative effects of changes in accounting policy from adoption new financial reporting standards

As described in Note 2.4 to the interim consolidated financial statements, the Company and subsidiary have adopted FTRS 9 and 16 during this fiscal period. The cumulative effect of initially applying these financial reporting standards is recognised as an adjustment to retained earnings. Therefore, the comparative information was not restated.

Amounts of adjustment affected to transactions in statements of financial position as at March 31, 2020 and statements of income for three-month periods ended March 31, 2020 from changes in accounting policy from adoption TFRS 9 and 16 are presented as follows:

9. Inventories

	Consolidated financial statements (Baht)		Separate financial statements (Baht)	
	March 31, 2020	December 31, 2019	March 31, 2020	December 31, 2019
Fuel	56,531,750.44	55,103,144.96	55,129,199.44	53,151,563.14
Vessels spare part	9,582,781.25	8,039,168.35	7,190,161.46	6,353,496.84
Supplies	4,059,139.80	4,220,020.80	3,859,661.41	3,792,688.80
Total	70,173,671.49	67,362,334.11	66,179,022.31	63,297,748.78

10. Investment in subsidiary

Investments in subsidiary presented in separate financial statements are detailed as following:

	Percentage of shareholding	Type of business	Separate financial statements (Baht)	
			March 31, 2020	December 31, 2019
AMA Logistic Co., Ltd.	99.99	Logistic	189,999,700.00	189,999,700.00
Exchange difference on translating financial statements			(9,177,354.98)	(22,920,518.19)
Total			180,822,345.02	167,079,181.81

In separate financial statements, the changes in cost of investment in subsidiary arose from the exchange difference on translation of functional currency to presentation currency.

The methods and assumptions used by the Company and subsidiary in estimating the fair value of financial instruments are as follows:

- 1) For financial assets and liabilities which have short-term maturity, including cash and deposit at financial institutions, receivables and payables, their carrying amounts in the statements of financial position approximate their fair values.
- 2) For loans and borrowings carrying interest approximate to the market rate, their carrying amounts in the statements of financial position approximates their fair values.
- 3) Derivatives their fair value has been determined by using a discounted future cash flow model and a valuation model technique. Most of the inputs used for the valuation are observable in the relevant market, for example, spot rates of foreign currencies and forward exchange rate of foreign currency.
